Commercial Procurement Services

Real Time Healthcare Tracking and Patient Flow Systems

Single Supplier National Framework Agreement

F/033/TR/16/RB OJEU: 2016/S 094-169616

NHS Trusts do not pay the framework manager for use of this framework

What...

The Countess of Chester Hospital Commercial Procurement Services has awarded a single supplier national framework agreement for the provision of Real Time Healthcare Tracking and Patient Flow systems. This framework is designed to offer visibility to clinicians and hospital management on the whereabouts and status of patients, beds, assets, and staff across the network of care.

Who...

The framework offers a fully compliant route for all NHS and other public sector bodies to access this service.

Services provided by:

How...

This is a single supplier framework, as such direct call-offs with the supplier may be made without the need to open up further competition.

This framework is easy to use, with only 3 simple steps.

Step 1 – Contact us to express interest in using the Framework.

Step 2 – We will issue you with a unique framework order reference number and model contract template.

Step 3 – Your organisation will work with TeleTracking directly making reference to the unique framework order reference number on all call-off contract and purchase order paperwork.

To start using this framework and gain the benefits contact:
